FINDINGS AND DECISION

This medical fee dispute is decided pursuant to Texas Labor Code §413.031 and all applicable, adopted rules of the Texas Department of Insurance, Division of Workers' Compensation.

Background

1. Former 28 Texas Administrative Code §133.305, effective June 3, 1991, 16 *Texas Register* 2830, sets out the procedures for resolving medical fee disputes.

2. Former 28 Texas Administrative Code §134.1(f) effective October 7, 1991, 16 *Texas Register* 5210, sets out the reimbursement guidelines for the services in dispute.
3. Texas Labor Code §413.011 sets forth provisions regarding reimbursement policies and guidelines.
4. This request for medical fee dispute resolution was received by the Division on January 5, 1998.
5. The services in dispute were reduced/denied by the respondent with the following reason codes:
Explanation of benefits dated 10/22/97
 - A – PREAUTHORIZATION NOT OBTAINED
 - 530 – AMENDED AUDIT/NO CHANGE
 Explanation of benefits dated 10/28/97
 - 530 – AMENDED AUDIT/NO CHANGE
 Explanation of benefits dated 2/05/98
 - C – NEGOTIATED CONTRACT
 - G – INCLUDED IN GLOBAL CHARGE

Findings

1. The insurance carrier denied disputed services with payment exception code A – “PREAUTHORIZATION NOT OBTAINED.” However, this reason for denial was not maintained upon later reconsideration by the insurance carrier. Therefore, this denial reason is not supported. The disputed services will be reviewed per applicable Division rules and fee guidelines.
2. The respondent denied disputed services with reason code C – “NEGOTIATED CONTRACT.” No documentation was found to support a contractual agreement between the parties to this dispute. Therefore, this payment exception code is not supported. The disputed services will be reviewed per applicable Division rules and fee guidelines.
3. This dispute relates to inpatient hospital services. The former agency's *Acute Care Inpatient Hospital Fee Guideline* at 28 Texas Administrative Code §134.400, 17 *TexReg* 4949, was declared invalid in the case of *Texas Hospital Association v. Texas Workers' Compensation Commission*, 911 *South Western Reporter Second* 884 (Texas Appeals – Austin, 1995, writ of error denied January 10, 1997). As no specific fee guideline existed for acute care inpatient hospital services during the time period that the disputed services were rendered, the 1991 version of 28 Texas Administrative Code §134.1(f) applies as the proper Division rule to address fee payment issues in this dispute, as confirmed by the Court's opinion in *All Saints Health System v. Texas Workers' Compensation Commission*, 125 *South Western Reporter Third* 96 (Texas Appeals – Austin, 2003, petition for review denied). 28 Texas Administrative Code §134.1(f), effective October 7, 1991, 16 *Texas Register* 5210, requires that “Reimbursement for services not identified in an established fee guideline shall be reimbursed at fair and reasonable rates as described in the Texas Workers' Compensation Act, sec. 8.21(b), until such period that specific fee guidelines are established by the commission.”
4. The former Texas Workers' Compensation Act section 8.21 was repealed, effective September 1, 1993 by Acts 1993, 73rd Legislature, chapter 269, section 5(2). Therefore, for services rendered on or after September 1, 1993, the applicable statute is the former version of Texas Labor Code section 413.011(b), Acts 1993, 73rd Legislature, chapter 269, section 1, effective September 1, 1993, which states, in pertinent part, that “Guidelines for medical services fees must be fair and reasonable and designed to ensure the quality of medical care and to achieve effective medical cost control. The guidelines may not provide for payment of a fee in excess of the fee charged for similar treatment of an injured individual of an equivalent standard of living and paid by that individual or by someone acting on that individual's behalf. The commission shall consider the increased security of payment afforded by this subtitle.”
5. Review of the submitted documentation finds that:
 - The requestor has not articulated a methodology under which fair and reasonable reimbursement should be calculated.
 - The requestor does not discuss or explain how payment of the amount sought would result in a fair and reasonable reimbursement for the services in this dispute.
 - The requestor did not submit documentation to support that the payment amount being sought is a fair and reasonable rate of reimbursement for the disputed services.
 - The requestor does not discuss or explain how payment of the requested amount would satisfy the requirements of 28 Texas Administrative Code §134.1.

The request for additional reimbursement is not supported. Thorough review of the documentation submitted by the requestor finds that the requestor has not demonstrated or justified that payment of the amount sought would be a fair and reasonable rate of reimbursement for the services in dispute. Additional payment cannot be recommended.

Conclusion

The Division would like to emphasize that individual medical fee dispute outcomes rely upon the evidence presented by the requestor and respondent during dispute resolution, and the thorough review and consideration of that evidence. After thorough review and consideration of all the evidence presented by the parties to this dispute, it is determined that the submitted documentation does not support the reimbursement amount sought by the requestor. The Division further concludes that the requestor failed to support its position that additional reimbursement is due. As a result, the amount ordered is \$0.00.

ORDER

Based upon the documentation submitted by the parties and in accordance with the provisions of Texas Labor Code §413.031, the Division has determined that the requestor is entitled to \$0.00 reimbursement for the disputed services.
